2nd ENROLMENT PERIOD

Call for Applications

for admission to the first year of

Integrated Academic Studies in Dental Medicine

for the 2026/27academic year

In the 2026/27 academic year, the School of Dental Medicine of the University of Belgrade will enrol students in the first year of Integrated Academic Studies in Dental Medicine as follows:

- 2 students funded from the budget of the Republic of Serbia – citizens of the Republic of Serbia who completed secondary school abroad

- 20 self-funded students for the study programme in English

Applicants are eligible if they have completed a four-year secondary education programme, i.e. a grammar school or a secondary school with a medical orientation.

The entrance exam consists of tests in **Chemistry** and **Biology**.

Candidates are ranked for admission to the first year of Integrated Academic Studies in Dental Medicine based on their results in the entrance examination and the secondary school Grade Point Average (GPA), with the ranking list compiled from the total number of points achieved under the prescribed criteria.

A candidate may obtain a maximum of 100 points based on the secondary school Grade Point Average (GPA) and the score achieved in the entrance examination.

The secondary school overall grade is calculated as the sum of average marks from all subjects obtained in the 1st, 2nd, 3rd and 4th year, multiplied by 2 (two). Accordingly, a candidate may obtain a minimum of **16 points** and a maximum of **40 points**. The GPA score is calculated to two decimal places.

The score a candidate achieves in the entrance examination can range from 0 to 60 points (up to 30 points per subject).

The School will compile a single ranking list for all candidates. Admission to the first year of Integrated Academic Studies in Dental Medicine is determined based on a candidate's placement on the ranking list and the total number of points achieved.

A candidate may be admitted as a student funded from the budget of the Republic of Serbia if they are placed within the quota of state-funded places on the ranking list and have achieved at least 51 points.

A candidate may lodge an appeal concerning the regularity of the procedure established by the Call for Applications, the regularity of the entrance examination, or their placement on the ranking list within 36 hours of the publication of the School's preliminary ranking list.

Appeals are submitted to the competent Committee of the School, which must issue a decision within 24 hours of receipt.

In a second-instance procedure, the candidate has the right to lodge an appeal with the Dean of the Faculty within 24 hours of the expiry of the Committee's deadline for issuing its decision.

The Dean issues the final decision on the appeal within 24 hours of receipt and delivers the decision to both the candidate and the Committee of the School.

The final ranking list determines admission to the programme. Should a candidate who has earned the right to enrol fail to register within the given timeframe, the School will offer the place to the next eligible candidate on the list within the time limit outlined in the Call for Applicants.
